Health Requirements for New Students Entering School for the 2020-2021 School Year

Dear Parent or Guardian,

Please mail, fax, or bring a copy of the following records to the school, addressed to the attention of the school nurse.

Vaccinations are mandatory for all students!

Pennsylvania State law requires every student be fully immunized *by the first day of school* and a complete vaccination record must be on file with the school. If your child is in the process completing their vaccinations you must provide a medical certificate with the dates shots will be given. Please check with your child's doctor if you are not sure. ***If this is not done your child may not be allowed to attend school!***

A physical exam is required for all new students

Please have your child's doctor complete the enclosed *Report of Physical Examination (MEH-1)****.*** The exam must be completed after March 1, 2020.

A dental exam is required for all new students

Please have your child's doctor complete the enclosed *Report of Physical Examination (MEH-155)****.*** The exam must be completed after March 1, 2020.

NO medications in school without a MED-1!

This includes Inhalers, antibiotics, and over the counter medications. A ***Request for Administration of Medication (MED-1)*** must be completed and signed by both the you and your doctor. Please read the included "Medications in School" for more information.

The ***Student Medical History (S-865)*** must be completed and signed to give your permission for the School Nurse to administer Tylenol, Advil, or cortisone cream. ***This must be done every school year.*** It also helps us better understand any special health needs your child may have.

Thank you for helping to create a healthy school environment for all our children!

Sincerely,

MIchael Corbit, CSN
School Nurse

Don't have a doctor?

VISIT A CITY HEALTH CENTER

Need vaccines for your child but you don't have a doctor? Visit a Philadelphia city health center! City health centers can give your child the vaccines they need to stay healthy and enter school.

Operated by the Department of Public Health, city health centers accept patients with no insurance, Medicaid, HMO plans, and most other insurance options. Walk-in to any of the centers listed below for more information, or call (215) 685-2933 to schedule a vaccine appointment.

Need proof of a vaccine that was already given? Call the Immunization Hotline at (215) 685-6784, 9:00 am to 5:00 pm, Monday through Friday

Medication in the School

Dear parents and guardians,

Our goal is to provide the best possible care to your child while in school. To do this safely and legally we must fully adhere to Pennsylvania laws and regulations.

By state law medication may only be administered by a school nurse or other licensed health professional. In general this means medication may only be given by the School Nurse on the days they are present in the school.

The only exception to this are epinephrine auto-injectors (EpiPens) for severe allergic reaction and rescue asthma inhalers.

For every medication in school the following guidelines must be followed; for more information please refer to the student handbook.

Doctor's Order and Parental Permission are Required

- A separate "Request for Administration of Medication In School" **(MED-1)** is required for each medication in school.
- Each **MED-1** must be signed and dated by both the doctor and parent.
- Antibiotics, medications from the emergency room, and over the counter medications, may not be given without an **MED-1**
- The above must be completed even if the student self- carries and self-administers an EpiPen or asthma rescue inhaler
- The only medications students may self-carry are an EpiPen or asthma inhaler. This must be approved by the doctor, parent, and school nurse.
- The School Nurse may give Tylenol, Advil, or hydrocortisone cream only if a signed and dated "Student Emergency/Medical Information" **(S-865)** is on file in their health record. ***This must be done every school year.***

Medication Packaging

- All medication must be in the original package or container with the pharmacy label
- Medication must not be expired

End of School Year

- All medication must be picked up on the student's last day of school.
- Medication not picked up will be discarded

TO THE DENTIST

Pennsylvania law requires that students attending school in the Commonwealth receive periodic dental examinations at stated intervals (upon original entry, while in third grade, and while in seventh grade).

These examinations are required for school attendance. Payment for these examinations is the responsibility of the parent/guardian. If the student/family does not have health insurance the school nurse will help the family apply for health insurance. Please attach a copy of the student's dental examination or record the data below.

Thank you for your cooperation.

OPTIONAL

Non-Aerosol Topical Sunscreen Use at School

Parents/guardians may choose to supply their child with **non-aerosol topical sunscreen**, if it is approved by the U.S. Food and Drug Administration. In order for a student to apply sunscreen during school hours, at a school-sponsored activity, or while under the supervision of school personnel, the parent/guardian must complete the attestations below.

Parent/Guardian Attestation

- By signing below, you confirm that you understand that the school is not responsible for ensuring that the sunscreen is applied by the student.
- By signing below, you confirm that the student has demonstrated that they are able to self-apply the sunscreen.

Parent/Guardian Signature:____ Date: ____________________

The school may cancel or restrict the possession, application, or use of a non-aerosol topical sunscreen product by a student if any of the following occurs:

- The student fails to comply with school rules concerning the possession, application, or use of the non-aerosol topical sunscreen product.
- The student shows an unwillingness or inability to safeguard the non-aerosol topical sunscreen product from access by other students.

If a school cancels or restricts the possession, application, or use of a non-aerosol topical sunscreen product by a student, the school shall provide written notice of the cancelation or restriction to the student's parent/guardian.

TO THE PHYSICIAN:

Your patient has requested that medication be administered in school. Ideally, the administration of medication should take place at home. However, for students who require medication during the school day in order to function in the classroom, School District Policy does permit licensed school staff to administer medication. In some cases, students may self-administer their medication.

IF YOUR PATIENTS MEDICATION CANNOT BE ALTERED SO THAT ALL ARE RECEIVED AT HOME, PLEASE COMPLETE THE REQUEST ON THE REVERSE SIDE. A SEPARATE REQUEST IS REQUIRED FOR EACH MEDICATION OR TREATMENT.

Please fill in all of the spaces. Missing information will cause the form to be returned to you. This will cause a delay in your patient receiving medication/treatment.

Thank you.

School Health Services

DEAR PARENT/GUARDIAN:

Some children need the administration of medication in order to function in the classroom. Ideally, this should take place at home. If your child's medication schedule cannot be altered and administered at home, you can request the medication to be given in school by seeing the school nurse.

Once the School Nurse has approved the request, you will be required to bring the medication to school properly labeled and packaged by a Registered Pharmacist. The medication bottle must have Saf-T-Closure Cap and the label must include:

- Patient Name
- Pharmacy Name
- Pharmacy Address and Phone#
- Prescription Number
- Prescription Date (current)
- Name of medication, dosage form, expiration date (if relevant)
- Instructions for administration
- Name of prescribing health care provider

This procedure must be repeated each school year and/or each time there is a change in dosage.

Parents/guardians must pick up unused or expired medication in person, or send an authorized responsible adult with a note from you. Unused medication which is not picked up within 10 days, or by the last day of school, will be destroyed/discarded.

If you have any questions on this procedure, please contact the school nurse.

Thank you.
